

长沙国家生物产业基地科技创业中心(留学人员创业园)是由长沙国家生物产业基地于2004年3月投资设立的。创业中心是**湖南省省人事厅批准省级留学生创业园**,同时也是省博士后流动站协作研发中心之一,创业园于2010年12月被国家科技部认定为**国家级科技企业孵化器**。中心目前设置了科技创业大楼一、二期,实验动物中心、汉元标准厂房等孵化机构,打造了公共实验室、公共中试车间、公共检测中心、动物实验中心、**药物安评系统**、公共信息检索系统等多个共享平台体系,同时,创业服务中心还提供医药管理咨询、项目申报、投融资对接、国际合作、人才及技术交流等方面的服务,成为湖南省内专业性最强、医药人才最密集、配套服务最完善的生物医药及相关产业创业孵化基地。

The Enterprising Service Center of Changsha National Biomedical Industrial Park(Hunan Enterprising Service Center for Overseas)was invested and established by The Management Committee of Changsha National Biological Industrial Base in march 2004.it is one of the six enterprising centers for overseas approved by provincial Personnel Department.It is also the national medical technologic enterprise hatching organization recognized by the Ministry of Science and Technology in China。 And one of the provincial cooperative R&D center for post-doctors.

Currently, the center has built the hatching institutions such as the Technologic Enterprising Building 1 and 2, the Animal Experimental Center, the Hanyuan standard workshops. It has also established the a number of public platform systems including the public laboratories, the public pilot workshops, the public analysis center, the animal experimental center, the public information index system, and the warehouse of dangerous goods. Moreover, the center offers various services like medical management consultation, program application, investment and financing connection, International cooperation and communication of talents and technologies, to facilitate the development of incoming enterprises. with these advantages, the center has become the most professional biomedical enterprising hatching base in Hunan, possessing the most concentrated medical talents and most integrated supporting services.

Gene chip technology, construction of diagnostics colloidal gold technology, organization chip technology, pathological detection antibody technique, the combinatorial biosynthesis new drug development outsourcing service technology, a monoclonal antibody technology platforms

such sharing experiment. Also with park enterprise cooperation altogether multiple engineering research center.

服务平台 Versatile platforms

创业服务中心公共平台 Public Platforms of the
Enterprising Service Center

1. 医药认证申报服务平台 Medical Industrial Service
Center

2. 食品药品分析检测平台 Food&Medicine Analyzing and
Testing Platform

3. 公共实验平台 Public Experimental Platform

4. 动物实验平台 Animal Experimental Platform

5. 医药信息数据化平台 Medical Information Data Platform

孵化政策 Beneficial policies

享受国家及生物产业基地产业优惠政策及园区工业优惠政策

Enjoy the industrial beneficial policies of national
biological industrial base

享受国家级孵化器税费减免政策

Enjoy the tax exemption policy for national incubator

享受孵化基金扶持

Enjoy incubation fund support

享受各级人才计划津贴, 国家中组部千人计划、湖南省百人计划、长沙市以及园区相关人才津贴

Enjoy the subsidy of all levels of talents, the national plan of thousand person from the State organization department, the plan of hundred person in hunan and related subsidy in changsha and base

享受创业园房租补贴政策

Enjoy the rent subsidy of the base

提供非盈利生物医药专业平台共享服务

Enjoy the sharing service of non-profit professional biomedical platform

提供科技配套服务

Enjoy the technological supporting services

提供生活配套服务

Enjoy the life supporting services
